Just a line to say I hope you had a nice trip & found things comfortable. I am feeling much better the hoarseness is not all gone but is very much easier the roughness is fine if ought to be seeing I stayed in bed to day I thought it better to take no risks, otherwise I am quite alright.

Gerald is also much better and has found his appetite so has darling Rose they did eat well today. The boys seem pleased with themselves it was fun the two Dr's treating me today they were quite proud of themselves. I wrote a nice long letter to Geraldine I wonder will you find out our nice friend's name, I hope you had no trouble with your luggage.

Well my dear old girl this is all at present with regards of love from your loving mother

I was so glad to get your
dear letter this morning and to know
you are enjoying yourself what a pity
there are not more visitors staying here.
Clean and fire I am really quite myself
again hoarseness all gone only a very
little soft cough morning and evening
that does not give me any trouble S. J. Fox
has been at home to day her throat and
ear has troubling her however she is
much better this evening. Gerald's cold
is about the same quite slight. You know
he enjoyed himself at the party and is
quite proud having won a pistol
Frank says he was a very good boy-fact
will be over for dinner tomorrow he
had a good week he told Edie two
patients so isn't that good Edie put up the
curtains and says the look very nice.
Annie is going home tomorrow I think
it would be a shame to stay longer as
Tom must be very lonely and his cold

Wont write

Just think of my writing to Lou after m^o having a chat I could hear Lou quite well, I think it a pity for Lou to come home tomorrow if Lou are enjoying yourself of course it is lonely without some one can Lou not chum up with one of the miss Atalys. You see she had a letter from Annie today she said Tom met them with a bandage over his eye he had hurt it with sand grass however it is better and Nan's throat was sore but is better and she thinks Gadd is getting W.C. so You see they are all in the mars. Enclose Franks. Letta Leo has gone out to JACK I may state it was only two new patients sat ten. and Dr. James had Jack to give Leo to a patient on Catham road last night and every thing went off splendidly also asked his no on phone so that looks well Jack is quite pleased the Dogs say. My dearest Eily

Just sat your loving letter

also say you are coming home on Tuesday
why not stay the other week if you like
it. It won't be so much more expense as
you are already there, however dear please
your self. Jim goes tomorrow and intends
walking from Drieg's inlet to Lorne to see
you however he is writing to you himself
I won't arrange with ~~Hewitt~~^{call} till I hear
from you on Monday or Tuesday, Marge

know when the marriage ^{not spelt R.} will take place if ever.
Tom was down they are all well nothing fresh old

to Jacks on Wed saw Miss C. likes her.

There is not much news Estie says Mrs Connor is still

frame of mind. Just think of you troubling my mind
as to my being well I feel fit as the boys say the
